# FOREWORD

Dear Reader:

To most "preparedness" suggests that our country is to become a fortress, bristling with all the implements of war. But our national defense requires more than military strength: the moral fibers and the physical sinews of the people must be trained—this is the true "preparedness" for the democratic way of life. To achieve this goal is peculiarly the task of our educational institutions.

Thus, as you turn the pages, we ask you to estimate the extent to which Mission High School trains its students for that which we have chosen for our theme—"*Preparedness—for the American Way.*"

of Preparation:

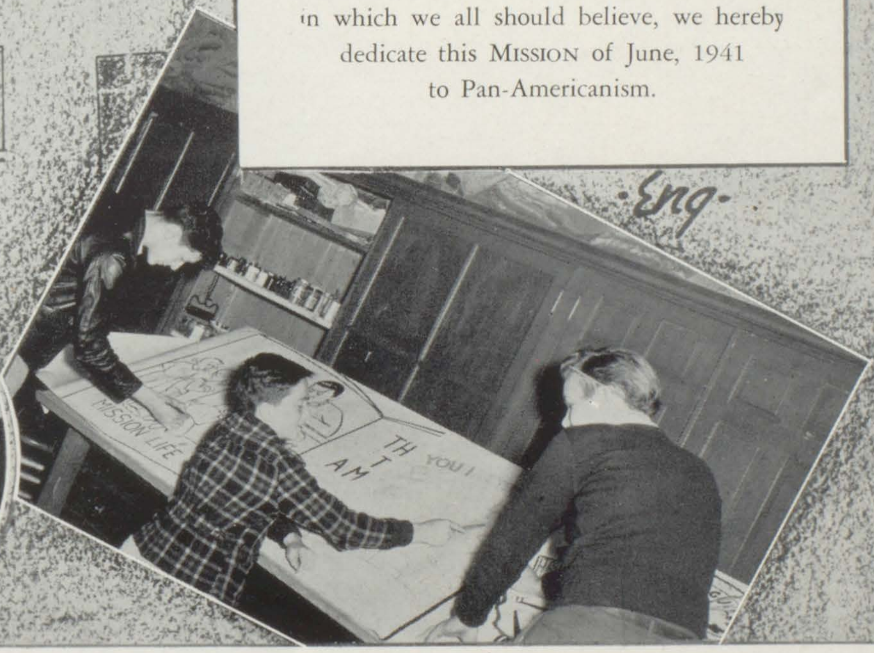

# DEDICATION

Today, in a troubled world that sees Europe drowning in a sea of hate, misery, and war, we turn our eyes from the sight of a crumbling culture to the Americas. Each of these countries of the Western Hemisphere was founded as a haven from European persecutions and hatreds. Because these nations are believers in the same form of government, because they are composed of freedom-loving people, these nations should stand together to prevent their common hatred, a despotic form of government, from gaining a foothold in their democratic governments. Because we are Americans, and because this ideal is one in which we all should believe, we hereby dedicate this MISSION of June, 1941 to Pan-Americanism.

# WE PREPARE FOR THE AMERICAN WAY
## Through Citizenship Training

The people, who play a large part in preparing the students of Mission High School to face the future, are the administrators Mr. Drew, Mr. Newman, Miss Morrill, and the teachers. These are the people who should be given credit for the many honors that our school has won in the past. The counselors also guide the students in selecting a course for their education in order that when they graduate they will be prepared for life's hardships.

In this section we have the 400-odd high and mighty seniors, now preparing for the future. Every term Mission sends out a group of students to the working world who have made friends for the future life and have prepared for their future careers as American citizens.

As the periods change, Missionites file from one floor to the other on the main stairs. This picture shows a true cross-section of the citizens of Mission who are being prepared for their future citizenship so that they can live "the American Way" to its fullest.

# Commission of Colonel by R.O.T.C. For Principal

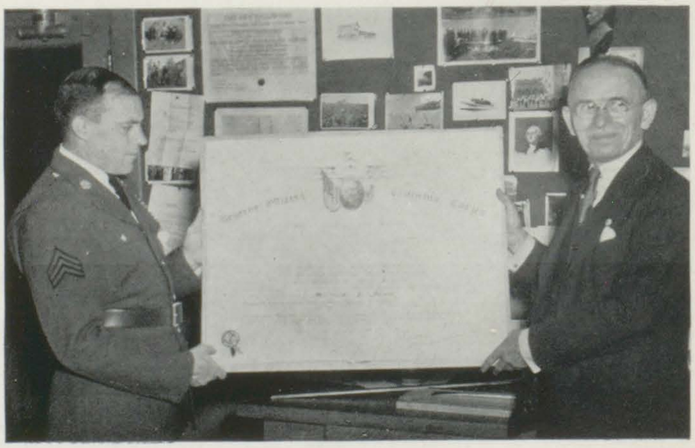

With the R.O.T.C. in full dress parade, our Principal, Mr. William J. Drew, was bestowed the commission of Honorary Colonel in the Reserve Officers Training Corps. This huge plaque bore signatures of the company commanders, Major Schmidt, our battalion commander, Lt. Colonel Edward Hahn and the man who is responsible for our success, Lt. L. Gilbert. With the audience of the 2400 Mission students and very distinguished guests, Lt. Colonel Hahn presented this commission to Mr. Drew. Mission students then watched the battalion pass in review in honor of Colonel Drew. This was a proud and happy occasion for both school and principal.

## MR. DREW'S MESSAGE

A sound enduring attitude and a will to participate in a respectable manner with considerateness for the other person, for your neighbor, your friend, your parents, your family, are among the best guarantees for success and happiness for the individual, for the community, for the state. The surest way to possess and nurture the right attitude and the right will is to devote oneself to the practice of his religious belief. The forefathers and founders of this great American nation wisely wrote into the phraseology of our constitution and our Declaration of Independence the ideals and the attitude of respect and dependence upon a Supreme Being, on a reverence for God. It has been wisely said that we humans live twenty-four hours a day according to and subject to the laws of gravitation, therefore, why not attune ourselves and regulate our lives in accordance with the laws of God.

In his encyclicals, broadcast over the radio, the present Pontiff, Pope Pius XII, one of the greatest men living today—a visitor to our city as Cardinal Pacelli, in 1936—has consistently advocated the rights of labor, of the man who earns his bread by manual labor. His ideas on this subject have been accepted as models of public policy which, if carried out, would stabilize the world. He has continuously shown the courage of his convictions in condemnng the ruthless, and needless brutality, and the slaughter and waste of human lives which are now being carried out on a wholesale scale in the European theater of war. He has stated that no peace, as a lasting peace throughout the world, can ever be accomplished without the aid and counsel of men of God.

# Our Deans Speak to Missionites

JOSEPH B. NEWMAN

## MR. NEWMAN'S MESSAGE

A high school graduate has encountered many problems during his three-year sojourn in his classrooms; he will encounter many problems after graduation. But these problems, if we adopt a broad viewpoint, can be said to be only one main problem. The big problem for any human being is adapting himself to his environment. The opposite proposition of fitting the environment to one's self, has worked successfully for very few in the past and the ones who are busy at it have not achieved complete results, by any means.

What qualities are useful to this adaptation? Make a complete list of them— honesty, industry, resolution, and the rest—and you will have a list of virtues. One definition of virtue can thus be obtained, as the type of action that leads to success. Distrust anyone who claims to know a better trick—the whole experience of mankind shows that he is wrong.

This then is the ideal that our graduate must keep before him. To adapt himself to his environment; not to attempt to force environment to adapt itself to him.

MISS LENA M. MORRILL

## MISS MORRILL'S MESSAGE

"What shall I do after graduation from high school or college?" This question is asked by all Mission High School girls.

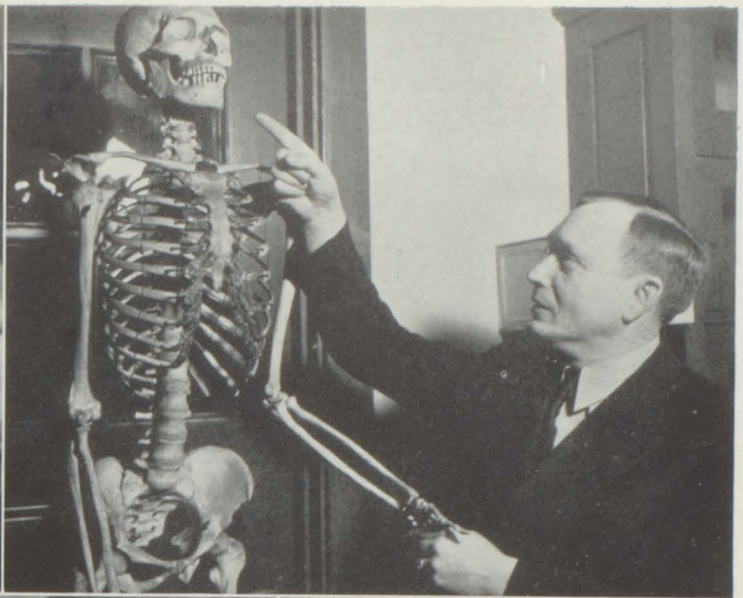

We who are in the midst of life and work say to you girls, "there are tasks to be done and services to be performed," whether present world conditions become worse or better. Within your school curriculum you may find at least a partial answer to the question, "What shall I do after graduation?"

Naturally each girl wants the assurance which comes from the certainty of having a place in the general plan of living. To reach this assurance the Mission girl seeks to prepare by selecting a program of subjects which will fit her for the responsibilities of earning a living and for homemaking. Her selection may be made in academic, commercial, or home economic departments.

The Mission girl prepares for life outside of the workaday world by participating in group recreational activities of many sorts.

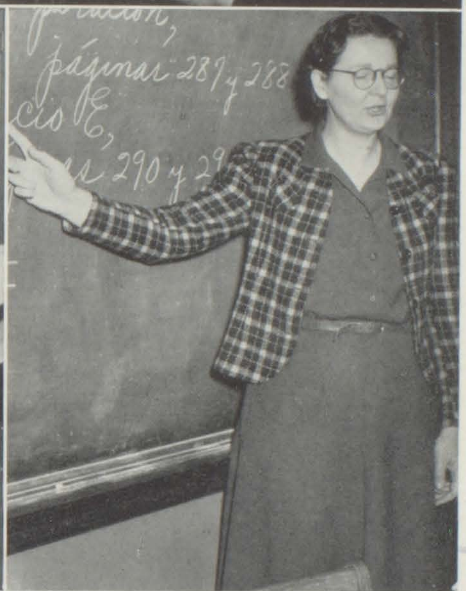

Through student body activities the Mission girl prepares for life in a democratic society. Such activities foster responsibility for the welfare of the community and the performance of unselfish service for the preservation of our American way of life.

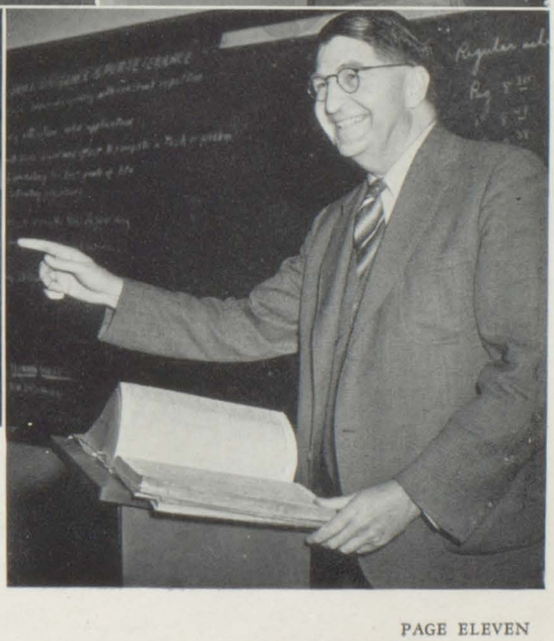

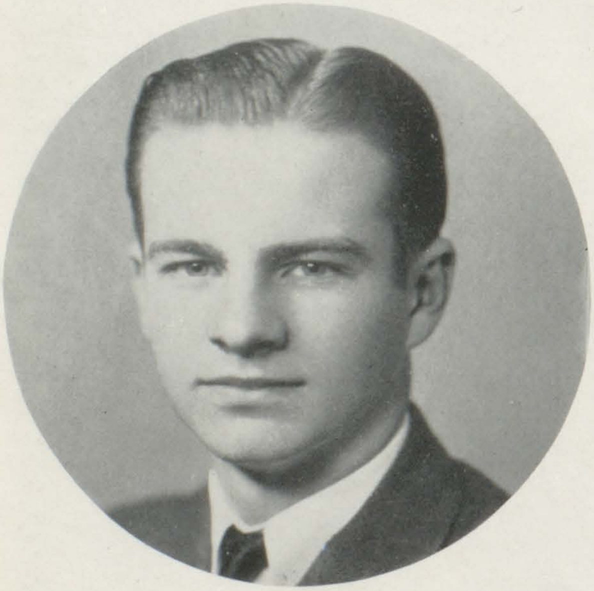

● THE ARTISTIC TOUCH. *Upper left:* Miss Thomas seems to be pretty much absorbed in her sketching. ● OH, NO YOU DON'T! *Upper right:* Mr. Roberts of the Science Department appears to be practicing his classroom discipline on Mr. Bones. ● "NEW HEAD." *Center left:* Mrs. Fredericks has only recently assumed the responsibilities of head of the Language Department. ● SAFE CRACKING? No, it's just Mr. Spiess adjusting one of the locks. ● FACULTY ROOTERS. *Lower left:* Front row, left to right: Mr. Cattuzzo and Mr. Miller. Back row, left to right: Dr. Lundgren, Mr. Oricello, Mr. Barney and Mr. Newman. ● AND SO-O-O. *Lower right:* Dr. Lundgren lectures on the history of politics.

EXECUTIVE BOARD

# Mission Prepares for Leadership

Orator, actor, leader, is amiable Bud Langton, one of the most able of a long line of outstanding, efficient student body presidents.

One of the smoothest working organizations at Mission, and one that helps to prepare its membership for their life after graduation is the Executive Committee. All the Missionites participating on this committee study the problems of Mission students, and build up school activities by planning social events and by distributing the student body funds evenly.

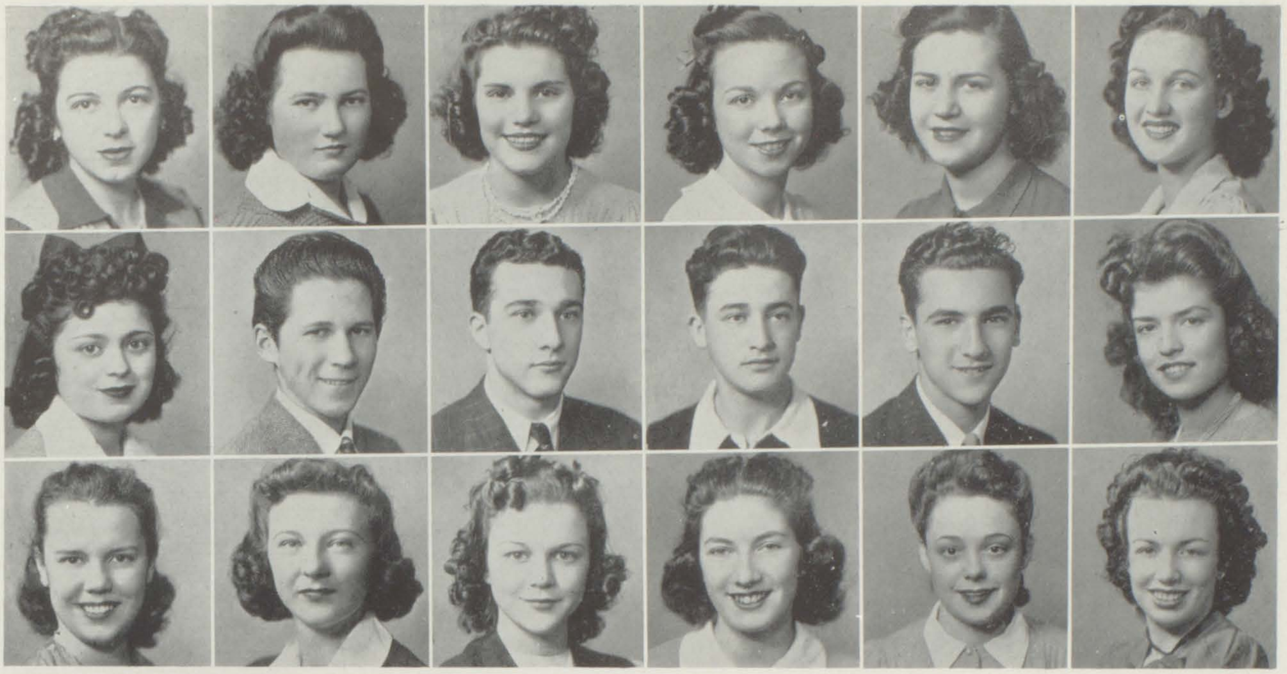

This committee is headed by prexy Bud Langton, thespian of the stage, who works out plans efficiently and to the satisfaction of everyone. LaVerne Fortune our vice president is always present at the meetings to make suggestions and lend a helping hand whenever needed. The other student body officers attend the meetings with the representatives of the various school organizations.

This term, the Girls' League, initiated by Fern Bruner was started to help acquaint new girls and other feminine Missionites with all the opportunities that Mission High School offers.

Plans have been made for a Senior Day and Jinx, and other traditional occasions.

EXECUTIVE BOARD

*Standing:* Fern Bruner, Helen Hovland, Noah Mead, Tony Klisura, Pete Misserian, Frank McKenna, Betty Hallstrom, Rosemary Lewis. *Sitting:* Nick Hamil, La Verne Fortune, Ronald Langton, Bea Sanguinetti, Marvin Greenberg.

# June · 1941

• HIGH SENIOR and LOW SOPHOMORE—Oh, I wish I were you! This is probably what little low soph Margaret Schilling is uttering to high and mighty senior Norma Sorenson. As Norma looks down at Margaret, she is probably wishing the same for her three years at Mission went all too fast in her opinion. Nothing is as much fun as being a high senior at Mission and the ambition of every under-classman is to become one. Many extra privileges are enjoyed by the senior exclusively. Probably this fact is the cause of the low sophomores wishing they were high seniors.

It is when a student finally becomes a senior that he realizes what a great time can be had in just three years in high school.

• DI GUILIO, DOMINIC. Favorite amusements are reading and stamp collecting. Will do commercial work after graduating.

• DOLEZAL, FRANK. "Cancho." R.O.T.C. Sgt. Likes airplane modeling, movies. Will go to S.F.J.C. Plans to be a flyer.

Mission's registry classes — the students' home rooms. Every Mission pupil has a registry class where he goes the first thing in the morning when he gets to school. Here is the room where roll call is taken, report cards are given, and advice is given for programs for future terms. The patient registry teachers prepare their pupils for whatever courses they wish to take. Whatever difficulties a student may get into he can go to his registry teacher who is always willing to help. The following pages are composed of pictures and write-ups of Mission's registry classes.

# WE PREPARE FOR THE AMERICAN WAY

## And Our Candids Show Mission in Action

First we toured the nooks and crannies with our cameraman to find bits of action typical of the work and play of our school. The best pictures were selected and pasted up according to pre-arranged plan; Jimmy Eng added his decorative bears. The engraver did his bit of magic to make the cuts; the printer assembled the type and engravings. Shiny clean white paper received a liberal dousing of pungent printer's ink; then the pages were assembled to be bound into The Mission. So now, in the next eight pages we present the result of these combined labors—eight pages of pictures of Missionites preparing themselves to live "The American Way."

Best Wishes to a wonderful girl. Aldo Gigli

The Mission crew man prepares to take his ducking after Mission won the Balboa race. Mission's activities provide valuable training and experience in learning by doing.

# All a Matter of Class

"Now Fern will write the lesson on the board and the rest of the class will copy it and please don't talk. I have a report which must go to Mr. Drew at the close of this period. . . . Marion sit down. You know the others can't see through you. . . . Marie stop talking to Rosemary. I do declare, you're as bad as two chipmunks—always chattering. . . . Auli take your gum out; it sounds like it's a week old. . . . Fern, must you sing in class? It disturbs the rest of the class and me. You may sing in front of the room if you wish. You'd rather not? Very well, please be quiet then. . . . Noah, must you show pictures of your girl friend to your friends? Can't you wait until after school? Bring them to me. Mmmm! She's pretty isn't she? What school does she go to, Balboa? My they have pretty girls there. Noah! sit down. How dare you distract me from my work? . . . There's the bell, thank goodness. Class dismissed."

Good Luck to a swell person. Esther Gill.

# All in a Day's Work!

To the casual observer a day at Mission might seem to be a round of nothing but classes, classes, and more classes! But this is far from fact, for students do much of the work that such a community as Mission requires.

There is more to modern education than reading textbooks and making recitations. Mission makes provision for this by having students do much practical work that they may learn by experience: Commercial students learn clerical work by acting as clerks for the main, attendance, and detention offices. Sales students sell student body cards and tickets as well as act as cashiers in the cafeteria. Bookkeeping students serve on the bank and controller's staffs. Art students prepare posters and make advertising exhibits. Home economics students do much planning and serving of meals in the cafeteria and shop students serve on the stage crew, electric crew, and projection staff.

All in all, the "Day's Work" at Mission is a busy day with busy Missionites hard at work.

# People Behind the Scenes!

The students do practically everything in Mission excepting the teaching and counselling. The president, vice president and all the student body officers you already know, but those you don't know are the lads and lassies "behind the scenes," those who do so much to make Mission the swell school it is, the guys and gals who get no credit and expect none. These willing workers include detention assistants, (the detentions aren't much fun, but neither is it easy to keep track of all those cut slips), office assistants, who phone and run errands, counselor's assistants, first aid assistants, boys' and girls' traffic, reception committee, locker crew, cafe assistants and many more, too numerous to name, but who also deserve credit. Then there are the WEST WING reporters, who put out our swell paper, and the journalists who put out this perfect journal. So give a thought to those who help make Mission such a swell school, think of them, the workers "behind the scenes," who do their best to perform their tasks well.

# It's All in Fun

It isn't all work at Mission. No siree! we have our fun, too. "June Mad" leads our list as the tops this term. It was a swell play starring Pat Nadeau, Pat Fifield and Bud Langton. We nearly died laughing. Next our Senior Show was a killer-diller and couldn't have been better. At Mission we have plenty of scrumptious assemblies and between Spotlight talent, Bud Langton, and Nick Himil's corny jokes we have a swell time. The girls this term had a G.E.B. initiation and the gals had to wear carrots and all kinds of junk in their hair, wear old shoes and their clothes inside out. Boy were they a riot and although they had to take a lot of ribbing, it was all in fun and they took it good-naturedly. Our school dances with Dave Hopkins and his band really go to town and last but not least our swell baseball and basketball games. So you see, all in all, we have a good time at Mission.

THE JOURNAL STAFF

# Journal Stresses Preparedness

Those two hard-working Co-Editors of THE MISSION enjoy a few free moments. . . . They are Fern Bruner and Noah Mead, the two outstanding members of the Magazine Writing class. Both are very active in athletics and politics, as well as in every other form of school activity. Fern is a member of the famous Spotlight Trio. . . . Noah is a member of the championship basketball team, and of the track team.

Ever since the days of the great earthquake and fire of 1906, Mission High School has been producing a yearbook. Each successive year since then, THE MISSION has been improved upon. Finally, in 1936, and every year from that time on, we have been granted the highest award possible. We were given the All-American Honor Rating. To gain this award is the ultimate goal of all editorial staffs. Many yearbooks have received this honor for one term, but for the first time in San Francisco's journalism history, a school was granted this rating for both Fall and Spring term. The school was Mission High.

This term's journal, with the theme, Preparedness, has been produced under the excellent supervision of our advisor, Mr. Bernard G. Wiesinger; Co-editors Fern Bruner and Noah Mead; Managing Editor Charles Bishop; Associate Editors Marie LaBarbera and Rosemary Lewis; Senior Editor Auli Olliver; and Business Editor Bette Ross. Art editors were Jimmie Eng and Pat Fifield.

WEST WING STAFF

# Paper Wins Highest Honors

Mission High School's honor award paper, the WEST WING, has done what no other school in San Francisco has ever done before. It won the highest rating given by Columbia University, the Medalist Award. It was also granted the coveted All-American Honor Rating by the National Scholastic Press Association.

The WEST WING follows the most advanced methods of composition and production. Through these methods and under the able sponsorship of Mrs. Thelma Baxter, adviser; Helen Hovland, editor; Marie Soehner, assistant editor, and Patricia Read, the only girl sports editor in San Francisco; many excellent issues have been produced. These include the April Fool Edition (the *Wurst Wing*), the Cub Edition, which was edited by the junior class in journalism under the editorship of Natalie Rajenko, and the Senior Edition.

Since Journalism has been instituted as a major it has been possible for students to make better use of their work on the WEST WING and Journal toward the requirements for graduation.

Bill is that ambitious fellow who goes out and hustles to get all those ads you see in each issue of our paper. Congratulations, kids, for your good work!

# Down Beats—Eight To the Bar!

# Prepare to Swing!

Under the direction of George D. Ingram, the music department is taking a large part in providing entertainment for Mission High School students.

The hot swing band led by Dave Hopkins provides a new thrill for the students every time they play for the assemblies and dances.

The A Cappella Choir organized by Miss Isabelle Becker is getting more popular every term. This club is composed of advanced Glee Club students. Every term the choir goes to San Jose to take part in a festival. On April 14th they sang at the teachers' institute at the War Memorial Opera House, and April 26th they sang at Stockton.

The R.O.T.C. band under Lt. Tom Kennedy, had played many stirring pieces at the assemblies. Outstanding soloists are Tom Mullen who plays trombone, August Jessie, who plays his gockenspiel, and bandmaster John Griff, who plays clarinet.

Mr. Ingram's orchestra has played at many assemblies and will play as usual at the graduation this term.

The music department is a great help to students who are interested in making music their profession. Mission High School has prepared and is preparing to make for her students successful careers.

# "June Mad" Presented by Dramatists

# Orators Win Awards

Miss Alice Donaldson, having returned from a four months' visit in New York, promised the students a better term for entertainment than they had ever had before. And we all can say that this has happened.

The first of these top entertainment features was a Fred Allen broadcast in New York. Mel Mathewson acted the part of Fred Allen.

A radio broadcast about counseling guidance in schools was transcribed at Samuel Gompers on April 26. It was used by the National Broadcasting Company Players. Players included Pat Bufin, Ronald Langton, Bernard Strain, Pat Neadeau, Gilbert Vergani, Viola Goering, Albert Kaljian, and Frank Vorsatz. Music for this was transcribed by Mr. Drew, who played his own composition "The Kerry Quickstep," and Miss Becker's choir which sang, "At Pierrot's Door," and "Praise be the Lord."

The chief production presented by Mission's players was the term play "June Mad,'" a comedy in three acts. The cast starred Gilbert Vergani, Betty Kelly, Viola Goering, and Billie Cottrell. Important parts went to Pat Neadeau, Pat Bulfin, Tom Wake, Ronald Langton, Bernard Strain, Marjorie Burkee, Leonard Carlson, Beverly Golden and Frank Vorsatz.

The annual inter-high school Shakespearean contest resulted in a triumph for Mission dramatics as Bea Sanguinetti took first in the girls' division and Bud Langton took first in the boys'. This success was a tribute from the judges to the great abilities of Mission's contestants and to the skill with which they were coached by Miss Donaldson.

# WE PREPARE FOR THE AMERICAN WAY

## By Games, Exercise, Military Drill

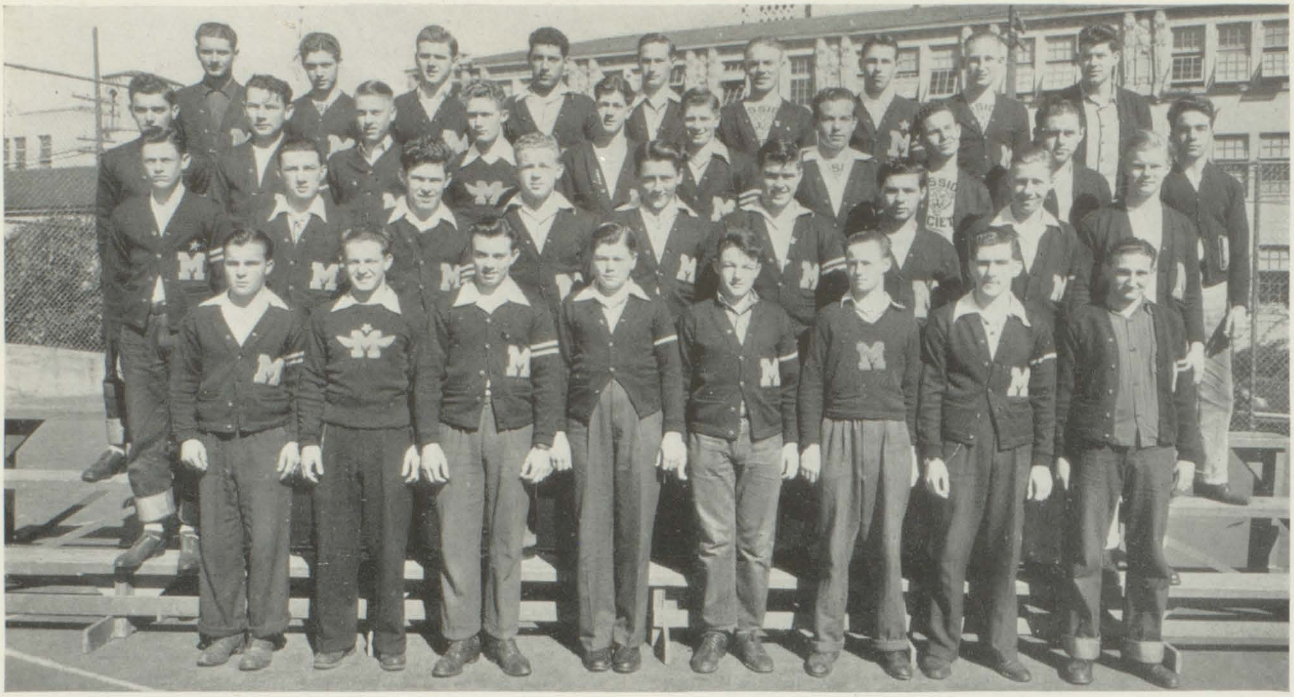

The belief, today, is that life in school is preparation for life in the future and that a person experimenting in a life of harmony with a group of his associates is better qualified to be a valuable citizen. This cannot be achieved without healthy leaders.

The R.O.T.C. is one of the school's organizations that helps prepare the youth of Mission for careers in our defense army as young officers.

The athletics offered at Mission enable the boys and girls to participate in basketball, baseball, swimming, track, soccer, volleyball, etc. The enjoyment of these sports presents an important factor in the determining of one's future character and destiny. Both of these courses, the Physical Education and R.O.T.C., are important in the preparation program given at Mission High School.

Johnny Cavaille, Mission's all-city basketball captain, has just scored. Through basketball and other sports as well as physical education and R. O. T. C., Mission High School trains its members so that they may have the healthy bodies which accompany educated minds.

# Mission Athletes in Good Season

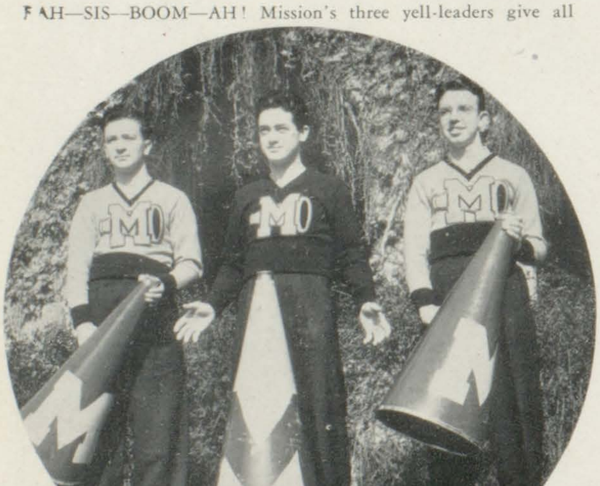

The 130-pound basketball team takes the spotlight in a term review of sports, winning the only championship this term, and having an undefeated season. They are the little but mighty heroes of the spring semester.

Varsity crew passes next in review. Beaten only by the championship St. Ignatius boat they are credited with second place in final league standings.

The big brothers of the 130-pound champs step into the picture with a second place tie with the Neffmen of Lowell. Both quintets had a win and loss record of five and three, respectively.

Defending champions, Klisura and Co., known as the Mission High School baseball team slipped into third place at the close of the season with six wins and two losses and then entered the playoffs against undefeated Galileo. Taking the first of the two out of three games, 8 to 2, the Bears fell under heavy bombardment to lose the next encounter 6 to 2. The third and crucial contest was helped along with two Mission errors, that finally ended a deadlocked game in the last of the seventh as Mission lost 1-0.

VARSITY BASKETBALL TEAM

# Bear Hardwood Season Surprise

Handicapped by lack of height but blessed with race horse speed Mission's varsity finished their A.A.A. basketball season in a tie for second place with Lowell.

Unseeded by local sport dopesters, the Bears in their first league encounter with the Poly quintet downed the team that later was to share the crown with Washington. While traveling at top speed the Brown and Gold five won their first league tilt 25 to 22.

The mauling men of Mission then defeated Galileo by a score of 35 to 19.

St. Ignatius was defeated by three points, 39 to 36. The Wildcats made the mistake of trying to play a fast game against the fastest team in the league.

The co-champs, George Washington, by control of the backboards won a 35 to 20 victory over the Bears to give the Mission team their second loss.

The next encounters were thrillers. The Bear quintet squeezed over a 24-23 victory over Lowell and another one-pointer 36 to 35 over Commerce. Both contestants were the craziest, most unorthodox court wars of the season.

Lincoln fell easily 42 to 28 the "Fighting Irish" from Sacred Heart sent the Bears down to defeat in their last contest of the season 34-33.

130-POUND BASKETBALL

# Bear Cubs Cop League Title

At the start of the basketball season this year one would never think that a championship 130's basketball team would be produced from a squad of eight sophomores, one junior, and three seniors who turned out. This squad gave Mission its first 130 basketball crown.

*Coaches:* Glen Haas, soccer, track; Arthur Jones, swimming; Lawrence Elder, football, crew; Orran Qualls, basketball, football; George Wolfman, baseball, basketball.

Al Prieto, brilliant sophomore forward, from the start of the season showed exceptional ability as a ball-hawk. Fleet of foot and quick of mind, Al was the spirit of the squad, always chirping and giving the needed punch. Prieto was a determining factor in putting the Bear Cubs in their first place position.

Jack Howard, steady, reliable center, can be well accredited with the title "most rugged player." He certainly did more than his share in bringing the title to Mission. Jack along with Al set a new A.A.A. high scoring mark when both scored 104 points after a nine-game spree. The previous record of 91 points was held also by a Mission player.

The Bear Cubs entered their practice season with games against leading Northern California quintets. The squad felt that they had a winning combination in the starting five of Jack Howard, center; Al Prieto and Ed Simpson, forwards; Michio Yoshumura and Sidney Oram, guards. Dan Torres and Noah Mead worked as substitute forward and guard, respectively.

After tasting the blood of victory in every practice tilt (all nine of them), the Cublets were at their hottest peak when the league came around.

PEP TALK; QUALLS' STYLE

# Record Smashed by Howard, Prieto

Using the speed with which their team this season was blessed, Mission set a pace that not one team in the league could keep up with.

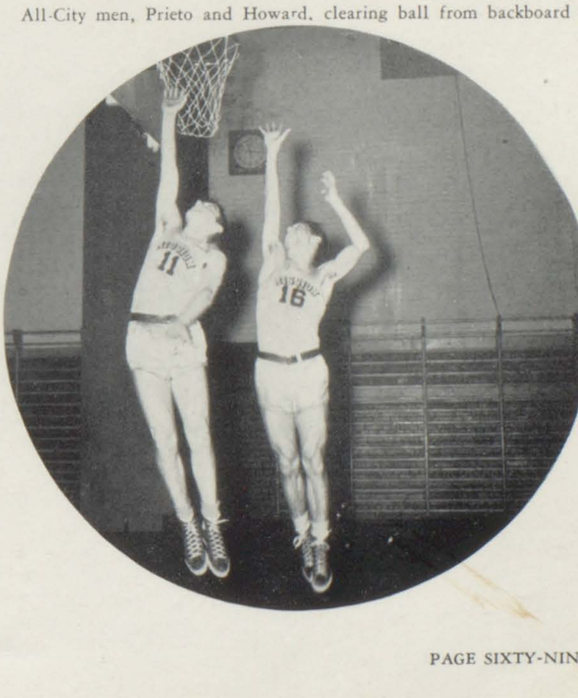

Their encounter with Poly's team ended in a 36 to 30 win for the Bears. Never once were the little men of Coach Qualls in hot water.

The next victim of the rapid fire quintet was defending champions, Galileo. Again the Mission five kept just enough pressure on their opponents to keep them behind.

Howard's last minute charity free throw was the only thing that saved the Cubs from an overtime period and perhaps defeat. Balboa was persistent in their driving attack at the floating defense of the Bears, but try as they might the game ended, not in their favor, but again to a victory-hungry Mission five. The final score in the book reads 24-23 for the third successive Bear win.

In quick succession the Bears downed St. Ignatius, George Washington, Lowell, and Commerce with scores of 33-17; 40-30; 22-19; and 34 to 30, respectively. The team then set a scoring mark when they defeated Lincoln, the baby of the league. 52 to 35 is a high-scoring game for a lightweight team in the A.A.A. In their last encounter of the season the quintet defeated Sacred Heart 45 to 18, but not before Prieto and Howard scored 14 points apiece to tie for the new league record of 104 points apiece.

BASEBALL TEAM

# Playoff Wrecks Title Hopes

Led by pitcher Tony Klisura, this year's team won victories over six schools, namely: Balboa, Lowell, Sacred Heart, Poly, Washington, and St. Ignatius.

Come on, slow poke! Yells Marcucci as he motions the runner to follow him home

These six wins were offset when Mission lost two thrilling games to Galileo, 4-3, and Commerce, 1-0.

Going into the playoffs as third seeded team Mission opened against first place Galileo. In a two out of three game series the Bears bombarded the Lion nine for eight runs in the first game of the playoffs. Mission allowed Galileo but two runs and won 8-2. This was the first defeat of the season for Galileo. The Lions won the next tilt 6-2 reversing the procedure of the first game.

An all important third game was to be a toss-up. "Tiny" Saverasse pitched an excellent and faultless game up to the middle of the fifth inning when he pulled a muscle in his arm. Tony Klisura took over and held off until the last of the seventh when a double was stretched into a triple on an error. Another error on a blooper sent the runner on third across the plate to end the game and Mission's chances for the championship.

John Prieto, Tony Klisura and John Cavalli were chosen on various All-City selections, with Klisura catching the eye of all the experts.

TRACK SQUAD

# Morales Heaves Shot to Win Title

Clear the track is a familiar cry once a year when San Francisco's ten high schools send their cindermen into competition against one another.

The flying feet and driving legs of the athletes attract a large crowd each year. Gala caravans of brightly decorated cars join in a pre-meet parade.

Mission may not have had any record-breaking athletes on this year's squad but they had a spirited group that did not give up in the face of great odds.

A good example of Mission's all-around athlete is Gonzales Morales, All-City halfback. Gonzie took first in the varsity shot-put and earned five points for his Alma Mater. Rene Del Carlo, co-captain, took a close second in both the 100- and 220-yard dashes. Both times he was nosed out by Lowell's Ben Silva. Ed Korn, the other co-captain, took a thrilling second in the 440 and ran a lap of the second place relay team.

Both Morales and Del Carlo have been outstanding in athletics during high school and have gained the attention of college coaches as possible material.

MISSION'S CREW

# Successful Minor Sports Season

## CREW

"Stroke, ye lubbers" is the order given by the "old salty" Walt Turcheon as Mission, defending champions, glide away leaving their opponents in their wake.

Defeating Lowell and Balboa by large margins the Bears came up against another undefeated boat, that of St. Ignatius. Both crews putting up their best provided the fans a thrilling race that finally decided the championship. The St. Ignatius boat crossed the finish line a scant two yards ahead of Mission.

After this heart-breaking defeat Mission came back to defeat former champions, Galileo, and in the final race of the season went on to defeat the crew from Sacred Heart.

By winning all but one race the Bear crew won second place and were awarded medals by the A.A.A.

GIRLS' EXECUTIVE BOARD

# Mission Emphasizes Health Need

Physical education is the American Way of preparedness—preparedness of healthy minds and bodies. Although physical education is required in the public schools, the student enjoys its program of sports and recreation. For those unable to participate in activity corrective gym classes are provided, with either light recreation or rest periods. Head of the gym department is Miss Lenora B. Davidson. Other members are Miss Millikin, Miss Mulcahy, Miss Lincoln, and Miss Orr who is substituting for Miss Helen Landon. Sports this term are baseball, volleyball, tennis, badminton, ice skating, swimming, and riding.

GIRLS' BLOCK "M"

G. E. B.

The Girls' Executive Board is the backbone of the gym department. Membership to the board is acquired either by election or by receiving a Block "M." Outstanding work in sports and in scholarship is required of the girls of this organization. An "F" automatically removes her from the list. The highlight of the G.E.B. this term is the Sports Rally which was held June 3, in the school auditorium. At this rally the girls received the awards they have earned in after-school sports. Head of the G.E.B. this term is Betty Hallstrom, girls' athletic manager, with Marianne Del Carlo song leader. The advisor is Miss Lenora B. Davidson.

A girl who has participated in six terms of sports, who has a high scholastic standing, and who demonstrates sportsman-like conduct at all times is entitled to a Block "M." When she receives a Block "M" a girl is then a member of the G.E.B.

## VOLLEYBALL

One of the major sports of the spring term is volleyball. It is played only until Easter vacation, when the interclass games take place. The close of the volleyball season found the seniors, juniors, and sophomores with an equal chance to win the championship.

Although many girls practice faithfully once a week, only a few make their class teams. In the final volleyball play-offs the seniors under the supervision of Miss Davidson, were the victors.

## BASEBALL

Since Mission girls are greatly interested in America's favorite game, baseball is the second major sport of the term. At the end of the volleyball season, after Easter, the girls begin baseball. From the many girls who go out for this sport only nine girls are chosen for each class, the sophomores, juniors and

seniors. These teams compete for championship in inter-class games. The play-offs will take place near the end of the term, therefore the winners are not yet determined.

### TENNIS

The tennis classes have progressed to a point of great satisfaction for Mrs. Florence Millikin, sponsor of the group. The group is divided into two divisions. The lower group, who must pass written tests in order to receive an award and those in the advanced group who must participate in a tournament. Each term finds more and more girls interested in this sport.

### BADMINTON

Badminton, which is now popular, is seeing its fourth season at school. The girls under the guidance of Miss Geraldine Mulcahy find plenty of action on the courts. It is similar to tennis, but the nets stand shoulder-high. The rackets are very light with slim, long handles. A shuttlecock is used instead of a ball. The badminton "aces" practice in the gym once a week.

and cut corners besides being able to skate backwards, are a few of the things learned in ice skating. Under the instruction of Miss Davidson, the girls have progressed rapidly. The girls meet once a week at the San Francisco Ice Skating Rink to earn their awards.

### SWIMMING

The girls have been doing some nice swimming this term. Besides learning the fundamentals of swimming and diving, they are taught also to administer first aid, in case of drowning. Once a week the girls swim at Crystal Baths under the guiding eye of Miss Orr.

### RIDING

The Crop and Saddle Club girls can be seen on Wednesdays off for a canter in Golden Gate Park. The girls are given training from a professional riding master, and Mrs. Florence Millikin, the sponsor. They ride English saddle instead of Western. This has proved to be one of Mission's up and coming sports, with the largest enrollment this term.

### AWARDS

Not every girl who goes out for after-school sports receives an award. There are several things considered before giving a girl an award in sports. First, she must have at least 75 per cent attendance to her activity. She must be a good citizen, and she must have earned eight points by her participation. The award given in the order they are received are: one chevron, a numeral, two chevrons, a circle letter, three chevrons, Block "M," star or silver pin, and for eight terms, a gold pin.

One of the most diversified subjects in high school is military science. It includes not only drills, manual-of-arms, and battalion formations, but history, mathematics, science, geography, physical training, and hygiene.

At reveille time, seven-forty-five, every school morning, a person may be able to see young, intelligent-looking cadets entering the spacious Armory of the Mission High School for an early morning session of theory. Gee I'm glad you got a journal this term - so I can tell you what I think of you? - ~~Last term when we where~~ Just think last term - when we where over home eating - talking - writing - well its this term June 12, 1941 and we are still ~~[illegible]~~ eating - talking - writing - and having a swell time - I hope the same thing happens next term

Gee Lois - Gee - I'm doing this so stupid - I guess you'll have to forgive me because I have so many people to distract me.

Sincerely Lois you one of the finest girls I've ever meet and I hope are friendship will last forever.

Next term when I write in your journal I hope you will have some "dope" of a boy friend that I can kid you about - you know - just like we kid Norma about "J. D" and "J. [illegible]" and "M. G." etc.

POPULARITY PALS

That very popular star pitcher of the Mission baseball team, Tony Klisura, is seen talking with that swell little gal, Joyce Carter. . . . She is a member of the G.E.B. and is the Low Junior president. . . . Among other things, she likes art work, sweet swing, and sports. . . . Tony is popular all over Mission for his sparkling personality. . . . He is boys' athletic manager, and is also a shining star of the basketball team, a member of the "Big Bear" and Block "M" Societies. This is the most popular couple at Mission.

BEST BRAINS

Here are Bea Erickson and Frank Vorsatz, Mission's two best scholars. . . . They seem to be pretty wrapped up in ahem . . . their studies. . . . Both are members of the California Scholarship Federation. . . . Bea and Frank have about the same interests in and out of school, since both like music, brunettes, blondes, and school politics.

ARTIST AND MODEL

"Draw my picture!" This is probably the question most asked of Pat Fifield, Mission's foremost artist. . . . Pat is 6 feet tall, weighs 170, has wavy, black hair, blue eyes, and is extremely good looking. . . . He likes the more intellectual things of life, such as brunettes, bowling, and the P. G. & E. Symphony. . . . Although he doesn't "go in for" jitterbugging much, he likes to watch it. . . . The girl posing for Pat is an artist in her own right. . . . She is Shirley Burrows. . . . is about 5 feet 4 inches, and weighs 120. . . . she adores art work. . . . Her plans for the future include commercial art work.

Dear Lois,
It's been swell being in your Reg and I know it will be loads more to be with you in Sr. Tr. next term.
Love,
Connie A.

SPOTLIGHT SERENADERS

"Exponent of the Hot Clarinet" . . . a very accurate description of Gil Castro, featured clarinetist of the Mission High Dance Band. . . . Gil is a combination of Shaw and Goodman, and is considered Mission's best musician. . . . Shhhh! It's supposed to be a secret, but he's given his pin to Carmine. . . . The attractive lass listening to those hot licks is glamorous Beverly Sass, chirper with the band. . . . "Bev" is also a member of the G.E.B. . . . loves music and dancing. . . . Her utmost ambition is to sing with a big name band.

Best of Luck
to swell kid.
(Same old story
isn't it?)
Doug Whitman

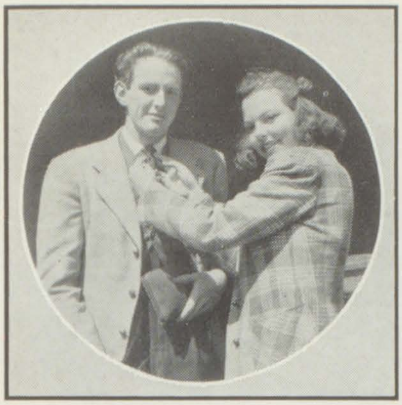

RABID ROOTERS

Whenever you hear someone call "Karacter," "Dimples," or "Lover," you can be sure it's Art Schultz who's being paged. . . . Art is a lover of the finer things—for instance: Hot music, sports, and girls on the order of Betty Grable. . . . Art is 6 feet tall, weighs 160 pounds, has brown curly hair, and warm brown eyes. . . . Muriel Wendelbo is prominent in sports. . . . Her ideal boy must be tall, blond, (or brunette), and handsome. . . . She likes sweet-swing, swimming, baseball, and Bob Stack.

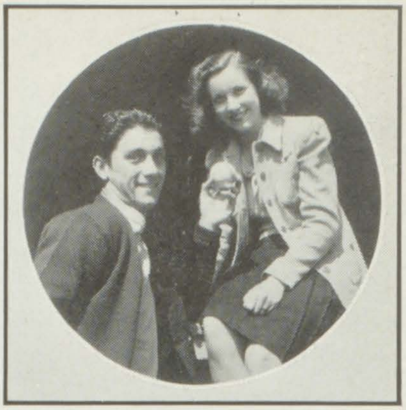

Lots of luck and laughs from Lois Stevens

DRESSERS DELUXE

Well! What's this? A little tie-straightening, we see. . . . None other than adorable Blossom Amsbough with that dynamic, carrot-topped Beau Brummell, George Pechenino. . . . Together they make up the best dressed couple at Mission. . . . Blossom is 5 feet, 6 inches, blonde, and blue-eyed . . . is prominent in sports and social activities . . . the G.F.B. and Girls' League. . . . The handsome lad smiling down at Blossom is 6 feet, 1 inch, weighs 185, and is known as "Peck" to his many friends. . . . His main interests are swing music, cars, and of course, clothes.

Best of luck and all the best wishes there are. Sincerely Helen [illegible]

GREAT GAMESTERS

Mission's most athletic couple is Al Prieto and Jackie Sanguinetti, two very popular kids. . . . Their admiration for sports, and their athletic ability may be one of the reasons these two Missionites can be seen together in the halls, dances, etc. . . . Jackie is an all around "Bearette" participating in baseball, basketball, volley-ball and swimming activities. . . . Al is star of the Mission "130" basketball team . . . also member of our outstanding baseball team. . . . They have been appropriately called Mission's most athletic couple.

Best of luck to a swell kid.
June Bunning

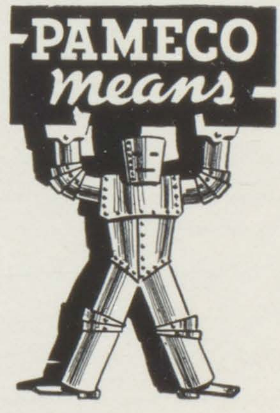

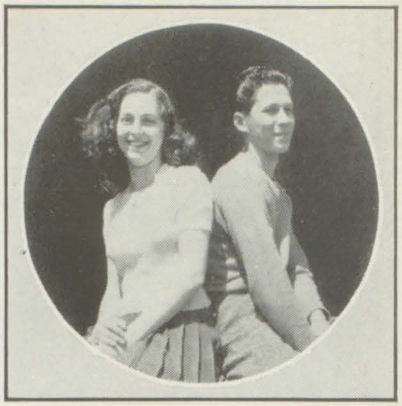

SUPER SMILES

Jack Hemsley and Barbara Mortarotti are the proud possessors of the most enchanting smiles at Mission. . . . Barbara is about 5 feet 5 inches, has blonde hair . . . and blue eyes . . . she likes sports, dancing, and Bob. . . . Jack has long been an outstanding athlete . . . he is also a member of the Boys' Block "M" Society. . . . Jack says he's a woman hater, but we know better, don't we? . . . Among his likes are sports clothes, long vacations, Artie Shaw's band. . . . This is a girl's eye view of the two best smiles in our student body.

Dear Lois,
Best wishes
to a really swell
girl. I hope when
you stay in school
one term after I
graduate that you
make good in all
that you do.
Love
Snooks

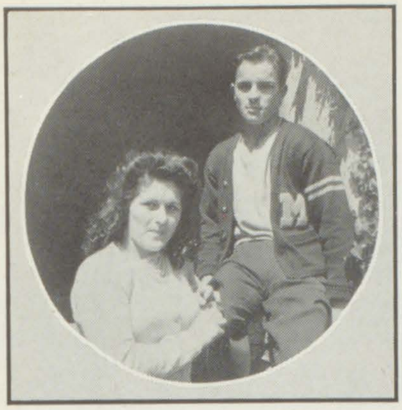

CLASSY COIFFURES

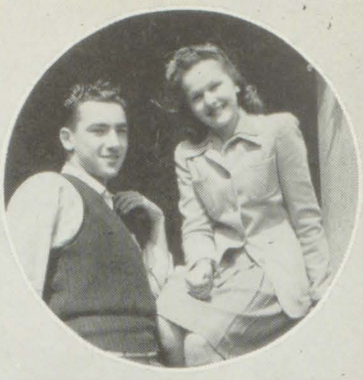

Who's the gal with that lovely, long hair? Well, it's Mary Jane Harris . . . proud possessor of the loveliest locks at Mission. . . . The lad with the far-away look in his eye is John Domansky, high junior prexy. . . . Mary Jane is a member of the WEST WING staff. . . . John is a member of the famous Mission basketball team. . . . His coal-black hair is also widely famous. . . . As prexy of his class he has planned many outside activities of his fellow members.

Dear Lois,
Another term draws to an end in some ways happy in other ways [illegible] but all in all we should be glad. I take this to wish you every [illegible] all through your success in the future our friendship [illegible] indefinately that ever. I shall next term [illegible] journal up

OUTDOOR COUPLE

The two kids making up Mission's outdoor couple are Diana Radovich and Jake Pudoff. . . . Both are very active in all out-of-school activities — swimming, tennis, and baseball. . . . Diana has dark hair, brown eyes, and is about 5 feet, 2 inches. . . . Jake is a member of the basketball team, and is outstanding in every phase of school activities. . . . Both have very pleasing personalities, and will always be ready to support our varsity games.

LOVELY LOOKERS

The best-dressed couple at Mission—Pete Misserian, that oh! so popular chap, and darling Dorothy Plutt, the sweetheart of Mission High! . . . Tall, dark, and handsome adequately describes Pete. . . . He is boys' financial secretary, a member of the varsity basketball team, and really a "swell guy." . . . Dorothy is about 5 feet, 3 inches, has blue eyes and brown hair. . . . Is active in all of Mission's activities.

Dear [illegible], Here's hoping that your last year in Mission will be the happiest of all you've spent— Love, Margie

PERSONALITY PLUS

Well, well . . . here we have Nick Hamil, that energetic fellow who leads all the yells at our big games, rallies and assemblies. . . . Nick has been head yell leader for the past two terms . . . is famous for his "glamour pants" and corny puns. . . . The young lady with him is none other than sweet Lois Kenison. . . . "Lo" is outstanding in sports and social activities. . . . Both will always greet you with a big "hello" and a sparkling smile.

The Mission Hi-Y, one of the fastest growing clubs in San Francisco, takes this opportunity to wish the Editors and the Staff the best of luck on this term's Journal. Keeping in tune with the theme of this yearbook we prepare to shoulder part of the burdens of our school.

Well—this is the end of the Mission journal of Spring 1941 and wasn't it swell? It was hard work to put out this book and this picture shows how I feel. But if you've enjoyed it that's all the thanks we want. On behalf of the journal staff, Noah Mead and I wish to extend appreciation to the following who have been of great assistance in the task of publication: William J. Drew, principal; Lena M. Morrill, girls' vice principal; Joseph B. Newman, vice principal; Ray T. Conlon, comptroller; Miss Emily J. Michels, art department head, and her students who produced all of the art work; Miss Carmel Thomas, art advisor; and the lettering students who made the illustrated posters used in the sales campaign; Herold Miller for publicity; Mrs. Ottillie K. Hoernig, whose students typed all manuscript; Howard Watson and Jack Tappendorff, of the Lexicon Press; and the Photographer, Ted Ellsworth, of the Commercial Art and Engraving Company.

Loads of success to
a swell Kid
